

Resource Manual

This book is a product of countless hours of volunteer efforts by the generous citizens and friends of the Kingfisher Community Collaborative, Inc., and, especially, Kingfisher Families First. Kingfisher Community Collaborative Inc. was initially organized in 1997, and since has worked to assist our schools and improve communication among the many area help agencies and organizations. We hope this Resource Manual will be instructive to those individuals and groups who also work to make our community better.

Every attempt has been made to assure accuracy, however, mistakes are likely and present within any volunteer organization. Please accept our apologies. Fortunately, due to the nature of a notebook manual, *we are able to make corrections*. Updates will be posted via our website, <http://www.kingfisherfamiliesfirst.org>. If you do not have access to the internet, you may contact Debbie Jorgenson at 375-6607, or Kevin Rodgers at 375-4722, for updates or requests for change.
